Billing

Due to the dramatic changes in the healthcare system more costs are being placed on patients in the form of co-pays, co-insurance and deductibles. We understand the burden this can place on patients in need of our services. In March of 2013 we dropped our fees by 25% affording all patients a discount and very competitive pricing for our specialty. We perform a financial needs assessment on patients at scheduling. During this financial counseling, patients can be referred to the Christiana Care Health System Financial Hardship application process. Patients meeting the requirements will qualify for a 100% discount from charges. Last year we provided services to hundreds of women at no charge. Patients who are not eligible for Financial Hardship are offered a payment plan option for their out of pocket expense. A copy of our fee schedule has been included for your reference. Please refer any patient with a billing question or concern to our patient account specialists at **302-319-5680 X 123**.

For any questions or concerns you may also contact Elizabeth Williams, the Practice Manager, at 302-319-5686 (office), 302-383-2764 (mobile) or ewilliams@dcmfm.com.
