

**Click the link to learn how to get started with Babyscripts.**

# Welcome to Personalized Maternity Care.

Babyscripts delivers a patient-centered, clinically-supported maternity care program that educates, engages, and empowers pregnant and postpartum women and their care team with the help of intelligent technology.

Talk to your care team today about getting started with **Babyscripts myJourney**.

## → WHAT TO EXPECT

- ChristianaCare-approved education from pregnancy through 1 year postpartum
- Available in English and Spanish
- Read articles and resources you can trust on your phone, available 24/7 through the app
- Follow along with daily content and developments about your pregnancy

## → HOW TO GET STARTED

- Download the **Babyscripts myJourney** app from the App Store or Google Play Store
- Open the Babyscripts myJourney app and enter the unique code **DEbaby** to register as a new user
- Complete the on-screen questions in order to complete registration and **unlock your access** to your pregnancy and postpartum education

## **Download the app today.**

Get daily education based on your progress through pregnancy, with trusted information approved by your care team.
